

EDUCATIONAL RESOURCES

FSC UK is building up a range of resources for use by schools and young people's groups.

As well as lesson plans, aimed at Keystage 2 children (aged 7-11), we also have factsheets, case studies, posters, postcards and activity ideas. We will be developing new resources for older children during 2010.

Many of our resources are available to download from our website www.fsc-uk.org/education and www.fsc-uk.org/competitions

If you would like hard copies of the material please complete and return this form to FSC UK by
