

Forests are home to millions of plants, animals and people.

FSC® helps take care of forests and the people and wildlife who call them home.

Choose FSC certified products (like this leaflet) to enjoy forest products in your life while looking after the life of the forests.

CHOOSE FORESTS

Do something good for woods.

FSC®F000231

We get loads of great stuff from forests

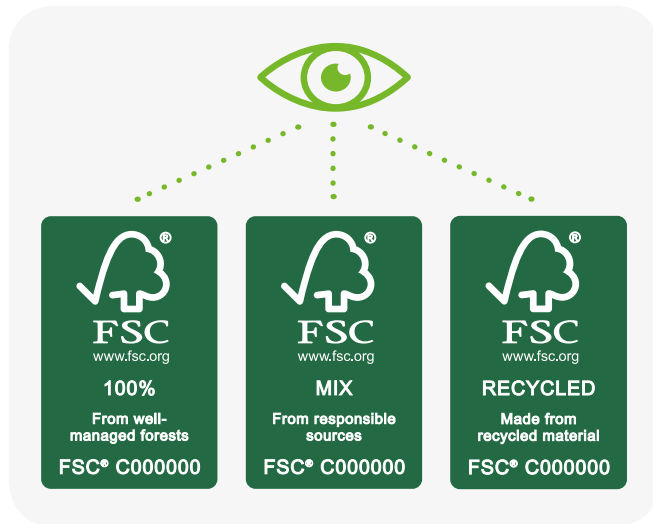

Sadly, humans have a pretty bad rep when it comes to forests...

And forests are still under threat and disappearing at an alarming rate.

Look out for these labels:

When you buy things made of wood and paper, they let you know they're responsibly sourced.
