4.1 Personal Data We Collect

The data we collect depends on the context of your interactions with us, the choices you make, including your privacy settings, and the features of the website you use.

When you sign up to receive our e-magazine, the data you provide will be used exclusively for this purpose and will not be passed on to third parties.

The consent to the storage of your personal data and their use for the newsletter can be revoked at any time, by informing the FSC UK office.

4.1.2 Use of Google Analytics
This website uses Google Analytics, a web analytics service provided by Google Inc. ("Google"). Google Analytics uses "cookies", which are text files that are stored on your computer and that allow an analysis of the use of the website by you. The information generated by the cookie about your use of this website is usually transmitted to a Google server in the United States and stored there. On behalf of the operator of this website, Google will use this information to evaluate your use of the website, to compile reports on website activity and to provide other services related to website activity and internet usage to the website operator. 4.1.3 Social plugins
Our websites use social plugins of the providers listed below. The plugins can be recognized by the fact that they are marked with the appropriate logo.

These plug-ins may be used to send information, which may include personal information, to the service provider and may be used by the service provider. We prevent the unconscious and unwanted collection and transmission of data to the service provider through a 2-click solution. To activate a desired social plugin, it must first be activated by clicking on the corresponding button. Only through this activation of the plugin is the detection of information and its transmission to the
service provider triggered. We do not collect personally identifiable information by means of social plugins or their use.

We have no control over what data an enabled plugin collects and how it is used by the provider. At present, it must be assumed that a direct connection to the services of the provider will be developed and at least the IP address and device-related information will be collected and used. It is also possible that the service providers try to save cookies on the computer used. Please refer to the privacy policy of the respective service provider to see which specific data is collected here and how it is used. Note: If you are logged in to Facebook at the same time, Facebook may identify you as a visitor to a particular page.
